## YEPP White Paper Procedure

### Aims:

1. To improve YEPP's White Papers in terms of content, method and utility.
2. To give the YEPP board more control over the topics YEPP prioritizes.

### Procedure:

1. The writing process is the following:
  1. YEPP board calls for applications to write a YEPP White Paper on a topic that the Board has chosen.
  2. YEPP board decides the author(s) of white papers upon written proposal by an interested individual or interested organisation.
  3. The first reading is in the following seminar after the Board's decision. The Board and Council will both comment on the draft.
  4. After the comments made in the first reading are addressed in a suitable way the paper is sent to CES for further comments and academic peer-review.
  5. The final version is presented in the second seminar after the Board's decision and submitted for the council.
2. White papers can be rejected or approved by the Council
3. If accepted by the Council, the author(s) are required to distil a resolution from the White Paper. The resolution is submitted to the EPP PA by decision of the Board. The Board has a right to modify the resolution distilled from the White Paper before submitting it to the EPP PA.
4. The author or one of the authors is invited to the EPP PA where the resolution is presented at the expense of YEPP.

### Notes:

- Deputy Secretary General is responsible for following up the writing process.
