

Draft Resolution on European educational exchanges

Drafted by: Democratic Alliance (Ukraine)

Taking into account that:

- In the present age of globalization the importance of education and experience exchange in the society is increasing.
- Equal level of development is the best background for cooperation between countries.
- Neighborhood and integration policy are among priorities of European Union.
- EU neighbor countries which have EU integration as the priorities of their international politics are aimed to develop their economies and democracy institutions to satisfy EU criteria for membership. But the level of knowledge about the mechanisms of reaching the criteria is low in these countries.
- Present young generation will face the new challenges inside and outside Europe in future and must be prepared for this since nowadays.

Bearing all these in mind, the Youth of the European People's Party calls for:

- ***European Union to:***
- apply and develop such EU educational programs as Erasmus, Erasmus Mundus, Leonardo Da Vinci, and Socrates for EU neighbor countries.
- establish more various programs of student and professional exchanges between EU and not EU European countries
- provide more simple visa regime for people who come to EU with educational purposes

- ***European not EU countries authorities to:***
- provide mechanism for selection most capable students and young specialists for the programs of education exchange.
- provide mechanisms of granites that educational program participant will apply their knowledge in their native countries after the course of studies in EU countries.
